

J-1 VISA PROGRAM

THE SPAIN-US CHAMBER OF COMMERCE

The “J1 VISA PROGRAM” from the Spain-Us Chamber of Commerce in Miami aims to promote the international experience of young professionals and university students.

Through this program participants are given direct contact with techniques and methodologies of companies located in the United States, with the possibility of receiving valuable international professional training and promoting the exchange and knowledge of skills.

PROFESSIONAL EXPERIENCE

In order to participate in this program, it is necessary that those interested apply for a J1 visa, a non-immigrant visa modality. This visa is intended for newly graduated university students and young professionals so they can engage in a training period and a cultural exchange program.

This type of visa requires the acceptance of a resident company in the United States that offers internships and a nonprofit entity like the Spain-US Chamber of Commerce, which acts as a sponsor.

The main purpose of the sponsor is to sponsor the DS-2019 eligibility certificate, an official document from the United States Department of State that can only be processed by entities authorized to do so. This certificate is processed based on the information of the company and the participant.

PROGRAM MODALITIES

J1 INTERNSHIP PROGRAM

This modality of the program is aimed at university students who will finish their studies in the current year, with more than 80% of the subjects studied and passed, and for newly graduated university students with less than one year of professional experience. The minimum duration for an internship is 6 weeks and the maximum is 12 months.

J1 TRAINING PROGRAM

The training program is aimed at professionals with university degrees whose professional experience exceeds one year. If the participant is a non-university professional, they must have a professional career between 5-10 years. The minimum duration of this program modality is 6 weeks and the maximum is 18 months.

REQUIREMENTS

1. Demonstrate that he/she was admitted into an accredited exchange program by the United States Government using the form DS-2019 in which the program number sent by the responsible organization appears, as well as the assigned SEVIS electronic number to each exchange visitor. Exchange visas will not be granted without the DS-2019 form.
