ABOUT US

The Spain-US Chamber of Commerce in Florida is a private, not-for-profit organization officially recognized by the Governments of Spain and the United States. With more than 45 years of experience, the Chamber of Commerce promotes commercial relations between Spain, the United States and LATAM.

Thanks to our network of members and thousands of contacts, we help companies grow and achieve their goals through consulting, business development, and marketing services, plus a wide range of educational and networking activities.

OUR GOALS

- 1** To promote and foster business between Spain, the United States and LATAM.
- 2** To help companies achieve their goals, facilitating their entry and development in the US market.
- 3** To offer advice to American companies interested in establishing their operations, seeking business partners and investing in Spain.
- 4** To promote the “Spain” brand and the image of Spanish companies in the United States while developing our business network.
- 5** To provide useful and updated information concerning trade and investment between both countries.
- 6** To offer a business networking platform and create a dynamic business community in which positive synergies and business opportunities can be established.
